

South Elementary School

We would like to personally invite you to join us for our first round of Academic Parent Teacher Team (APTT) meetings. Our teachers are working diligently to prepare for these very important meetings with you. They are reviewing student data and strategically selecting key grade level skill building activities that you can use at home with your child.

APTT meetings will be 75 minutes in length. During meetings you will have the opportunity to:

- Meet and build classroom community with other families
- Review your child's academic progress
- Learn and practice activities to use at home
- Set academic goals for your child
- Meetings are held in your child's homeroom teacher's classroom

This meeting is important and we hope you will join us for APTT. There is no team without you!

At South Elementary School we believe that all families are genuine partners in helping our children to succeed academically.
